

SANTA CAWS

BEER BRINGS US TOGETHER

Tasting Notes:

Santa Caws brings you good tidings. This imperial stout harkens back to the Christmas days of old when you might find a chocolate orange in your stocking. Savour this rich silky stout with notes of hot chocolate to make merry. A zest of orange flutters on the nose and lightly on the palate with a dash of nutmeg to round out this cup of cheer.

Enjoy by the fireside and with friends.
