

WADDLE BREAKFAST STOUT

BEER BRINGS US TOGETHER

Tasting Notes:

Stout for breakfast? If it's laden with robust maple syrup and cold-pressed Thomas Hammer Coffee, then yes! We start with a big roasty imperial stout base and add maple syrup twice: first in the boil to add a woody maple kick, then in the fermenter to highlight the traditional maple syrup flavor. Let this one warm up in the glass to experience the fullness of flavor.
